THANKSGIVING.

The Way Jim Wiggins Will Entertain Visitors in Empire.

On the 29th and 30th of the present month Jim Wiggins will turn loose the biggest lot of sport ever seen in Empire.

TURKEY SHOOTING.

The distance will be 200 yards, with rifles, at 25 cents per shot, no body barred. The above pictures represent the style of turkeys.

CHICKEN SHOOTING.

These pictures are not hens, exactly, but will suffice to show the breed he will put up. The distance will be 45 yards, two shots for 25 cents, nothing larger than No. 6 shot allowed.

THROWING AT DUCKS.

Ducks will also be put up for expert throwers to throw sticks at; ten cents per shot will be charged. You will also get a chance at chickens with their heads out of a box, 30 yards distant, with pea rifles (22 caliber), 2 shots for a quarter.

An invitation is extended to the crack pigeon shots to try their luck at trap shooting. Matches and rules can be made on the grounds. No body barred in any of the above events.

MASQUERADE.

On Thanksgiving night there will be a masquerade at Wiggins' Hall, and costumes can be had at the hall. He has arranged to have a lot of new and attractive costumes on hand. Tickets one dollar, admitting gentleman and ladies.

Mrs. Kohl will have a big spread ready for hungry people, and there will also be plenty of stable room for those who come by private conveyance.

Jim Wiggins will spare no pains or expense to make this the grandest Thanksgiving Empire ever saw.

M. Cohn's new sign, painted by Anderson, is so attractive that Cohn gets up early every morning to admire it.

The Secretary of the Treasury has instructed the Mints at Philadelphia and New Orleans to coin the seigniorage into silver dollars.

Complaints are being made by World's Fair exhibitors that awards and medals are not being made promptly.

The banking capital owned by the Jews in New York City amounts to \$1,000,000. It is less than this in Carson.

The great World's Fair closed with a total admission of over 27,000,000—passes and all. That beats the world and all previous records.

The passenger train was four hours late Sunday. The detention was caused by a freight train getting off the track at Auburn, on the S. P.

People who contemplate visiting the Midwinter Fair complain of the ten day's limit on special round-trip tickets. All want a longer time in the city.

It is said that Simons, who killed a man in Berkeley for taking his wife away from him, is related to the McEwens, who have a ranch near Lake View.

A Scotch minister once strongly contended that there was no women in heaven, and cited as proof that St. John in Revelations says: "There was silence in heaven for the space of half an hour." Then we don't want to go to heaven.

Bearing Fruit.

Abe Cohn, an enterprising merchant of Carson City, Nevada, has already contracted with Sam Davis for space, for six months, in his Midwinter Fair mining life APPEAL, and has paid for it in advance. Hurrah for Carson's enterprising merchant.

Company F Election.

Henry Heidenreich was elected Captain of Company F last night. Homer Thaxter First Lieutenant, Ed Walsh Second Lieutenant, Ed Carney Second Junior Lieutenant.

The balloting was harmonious and unanimous. It is a splendid set of officers.

Carbunkle.

Stranger—What's all that hollerin' and yellin' mean in Bryson's saloon?

Citizen—I guess somebody has done that carbunkle solitaire.

SAD ACCIDENT.

A Daughter of H. Springmeyer Shot.

While Mr. and Mrs. H. Springmeyer were absent from their ranch near the creamery Sunday, a seven-year-old son got hold of a shotgun on the place, and put in a shell. While playing with his nine-year-old sister the gun was discharged and the little girl's under jaw was shot away. She died yesterday morning.

The little girl's name is Edna, and she will be buried in Genoa today at 1 o'clock. Mr. and Mrs. Springmeyer have the sympathy of their numerous friends in Carson.

Answers to Correspondents.

The sub-editor hastens to answer the following questions, which have accumulated at this office:

A lady writing from Reno wants to know how to kill bed bugs. There are several ways, but a simple and effective method is a light axe in the hands of a buck Indian.

A "constant young lady reader" desires to know how to take apple juice from silk. It can be taken out with a cider press. If you get it out in sufficient quantities it can be retailed for six-bits a gallon.

P. H. Empire—A good way to invest a small amount of money would be to subscribe for the APPEAL, \$8 per year in advance.

A Carson sport writes: "I see that Jake Troll, who has been winning some foot races at Hawthorne, is in town. I would like to inquire what he does with that big fat paunch of his when in a race." He probably wheels it ahead of him in a wheelbarrow.

Train Wreckers Frustrated.

St. Paul, Nov. 13.—Last night robbers attempted to wreck an Omaha passenger train near Worthington. The track was obstructed so as to throw the train of the track. While awaiting its arrival the robbers held up, shot and robbed a man who happened to pass. This put the railroad officials on guard, and they sent a pilot engine ahead, which found the track spiked.

The man robbed was a farmer on his way to Worthington, where he had drawn some money. He was shot in the leg. There is no clue to the robbers.

Teachers' Institute.

The State Superintendent of Public Instruction has decided to hold a teachers' institute in Reno on November 27th, 28th and 29th. All of the teachers in the western part of the State are expected to attend.

It is hoped the people of Reno will dispense their hospitality as freely as the good people of the Comstock have done on like occasions in the past. There will probably be some seventy-five or eighty teachers in attendance at the institute.—Gazette.

Mysterious Disappearance.

Sam Ray, blacksmith at the V. & T shops disappeared Friday after being paid off. He did not leave on the train as the ticket agent did not sell him a ticket nor did the conductor collect any cash fare from Carson. His wife, who is unconsoled, wants information about him.

—Weekly.

Mr. Ray had driven over to Reno on a visit to friends and turned up alright yesterday.

Ninety Years Old.

A Big Steal.

St. Paul, Minn., November 12.—The stupendous steal of Louis F. Menage, President of the Northwestern Guaranty Company, was made public yesterday by way of the schedules of his individual liabilities filed with the clerk of the court of Hennepin county. They show that his robbery of the people who had dealings with him foot up to the colossal figure of \$1,650,811.

The company suspended payment May 14th, and two months later, after Menage had gone abroad for his health, his personal schedules were filed. The liability of Menage, as far as the guaranty company was concerned, was \$161,550 on the first of November, 1892. From that time on his transactions with the company partook of the nature of a continual "hand-me-over."

The manner of Menage's borrowing is very interesting. He did not borrow large sums, but made his demands small individually but large collectively. In this way he secured the amount desired without running any risk. The contingent list is a very interesting item in the schedules, which foot the modest sum of \$426,170. The list comprises the paper which Menage indorsed but is not directly responsible for.

Winter Storms.

More severe weather than usual will occur from November 22nd to December 7, and immediately following this period a severe cold wave may be expected. Winter storm waves will cross the country about November 23 and 29 and December 5. January weather will be of unusual interest and I will mail a chart giving a graphic forecast of temperature, rainfall and force of storms for January to those who send me a stamped and addressed envelope.

I invite a comparison between my long range forecasts and those made only twenty-four hours in advance by the National Weather Bureau.
